

Appendix A:
Industry Specific Sectors

These Industry Sector descriptions are categorized by Standard Industrial Classification (SIC), and in a few cases by "Activity Code". More detailed descriptions of the SIC codes can be found at Department of Labor's - Occupation, Safety and Health Administration (OSHA) website (<http://www.osha.gov/pls/imis/sicsearch.html>). References to "sectors" in this permit (e.g., sector-specific monitoring requirements) refer to these groupings. Since there is overlap between this permit and the Industrial Stormwater Permit, this table is in two sections. The first section indicates which primary activities are covered with this permit. If your primary industrial activity is in this first table, you would request coverage under this permit.
